

Bermuda Beach Blast

✚ This tour is our recommendation for your visit during the June – October months in Bermuda.

✚ Bermuda Beach Blast is a triple threat. Sightsee, Geocache and Swim adventure. Tour with local guide. Get a good feel for Bermuda's great outdoors and uniqueness.

✚ After pick up from your hotel, local residence or cruise ship port, you will be taken to explore Bermuda's Fabulous beaches and Highlighted attractions.

✚ There are Geocaches at/near each attraction. A downloadable "log your find" cache sheet will be available upon confirmed reservation. Complete a copy, email to Little Island Big Adventure and you will be entered to win a free entry ticket to our first MEGA Event.

✚ We can facilitate any size group, however small-group tour (up to 6 participants) provides a more personalized experience.

✚ Please bring your own swim gear (include towel and a change of clothing, adaptable foot wear). GPS enabled device required

Let's Begin our Tour:-

Somerset Long Bay

A public beach off the beaten path and faces the horizon where the sun sets. It is a perfect little spot if you want to watch the sunset here and then head over to Somerset Village to get dinner at one of the few casual sit down restaurants in the area.

West Whale Bay Beach – GC1TCOE

It is a small beach with pink sands below a rocky cliff. Its calm and shallow waters make it an ideal place for children. There are some remnants of a small fort very close to the bay, called the [Whale Bay Fort and Battery](#).

Church Bay - GC9324

Is located in Bermuda's Southampton parish. It is a great favorite for snorkeling. The beach is small and rocky but has pink sands and practically disappears during high tide. A steep pathway and a staircase from the park leads down to this wonderful beach.

Gibbs Hill Lighthouse – GCH3FK

This cast iron built lighthouse is the oldest working lighthouse in the western hemisphere. The lighthouse has 185 steps to the top in eight flights and it is the oldest working cast iron lighthouse in the Americas. It is a "must see" attraction.

Horseshoe Bay Beach –GC316MN

Horseshoe Bay Beach in Southampton Bermuda clearly stands out from the rest. It's really special! With a curved stretch of sand against the backdrop of blue waters of the Atlantic, this beautiful pink sandy beach forms the shape of a horseshoe.

Jobson's Cove – GC2G1FH

This picture-perfect beach with its pink sands, gentle waves and calm waters gives the feel of a serene hideaway. It's also an ideal place to relax and picnic. The enormous rocks are made of limestone and hardened volcanic lava.

Disclaimer - By searching for the geocache, participants agree that they are responsible for their own actions, and acknowledge that neither the Bermuda Government, the Cache Owner nor the LIBA Escorted Tour operator is responsible for any loss or injury that may occur in relation to such search. In addition, LIBA transport provider/TOUR GUIDE is not authorized or obligated to direct you to where the geocache is hidden. Number of places visited can vary. Report any incident, problem, or violation to the Bermuda Police Service.

Warwick Long Bay – GC2WFP2

It is a long and magnificent half a mile stretch of pink sand beach. This unique color is created by the force of the ocean's waves that crush sea invertebrates like coral, clams, mollusks, etc. The pulverized shells mix with the white sand giving it a pretty pink tint. Warwick Long Bay was recently put on the list of [World's 100 Best Beaches](#) in the 29th position. The list was created by CNN and published on June 6th 2013.

Spanish Point Park – GC3ENJF

There is a small area of land reaching out into the mouth of Great Sound water area, called the Spanish Point. It is a picturesque park with views of the distant dockyard towards the west. It's a wonderful place for picnics or just to relax. It's about 2 miles from the City of Hamilton.

Deep Bay & Admiralty Park

This is another hidden beach but this time on the North Shore of the island (near Admiralty House Park). To get to Deep Bay you look for the cut in the wall just down

The road from Admiralty House. The hole in the limestone cliff leads to a set of steep stairs that you will head down and from there you will have a perfect little cove to relax in. Vehicles can reach this area through [Black Watch Pass](#), a cut through the high coral cliff that was opened in 1934. An historical "must see" attraction.

Shelley Bay

There isn't any pink sand or striking cliffs here but it is perfect for young children. There is a park which has a large playground for young children to play in and the beach is shallow up to 30 yards out.

Tobacco Bay - GC3VNOA

You could also list this beach under one of the best beaches for snorkeling. You'll find a variety of marine life around the bay. You can enjoy the view from the beach bar and make use of the changing and bathroom facilities on site

Fort St Catherine Beach (Gates Bay)

Achillies Bay -

There is a lovely restaurant which overlooks Achille's Bay beach.. Enjoy some of the most fantastic sunsets. You can explore Fort St. Catherine next door, have lunch at the restaurant and enjoy a cool refreshing drink.

Cooper's Island

Visit the other great beaches located at the Cooper's Island Nature Reserve Clearwater Beach, Turtle Bay Beach, and Annie's Bay, Well Bay, Long Bay, and Fort Hill Bay beaches. They all are picturesque beaches and within walking distances from each other. You can spot turtles and maybe swim with one. Enjoy a Rum Swizzle, cold drink at a nearby Restaurant.

John Smith's Bay

The beach is named after Capt. John Smith one of the early English colonists in Virginia. In 1607 Pocahontas was said to have saved his life after he was captured by the Powhatan tribe. Seven years later she married John Rolfe, one of the passengers on the Sea Venture. The union was America's first recorded interracial marriage.

Escorted Tours

Bermuda, like some places in the world can be difficult to navigate, especially if you are used to driving/riding on the opposite

(Right) side of the road, so an escorted/guided tour is the best economical option. Escorted tours mean you don't have to worry about your transport and how you are going to get

from A to B. Your tour guide can give you lots of information about the places and sights that you are visiting, so you might learn something new that you wouldn't have known otherwise.

There are 20 beaches shown on this Bermuda Map. If our prepackaged tour does not include the beach you would like to see, feel free to send an email outlining and including the numbered beach that you would like included in a tour and we will personalize your Bermuda Beach Blast – Sightsee, Geocache & Swim!

Our Island has a temperate climate all year round which makes it even more possible to enjoy this fantastic outdoor entertainment experience. Bermuda, like some places in the world can be difficult to navigate, especially if you are used to driving/riding on the opposite (right) side of the road, so an escorted/guided **Geocaching 441** tour can be a great option. **We are inviting visitors to take our escorted tour option so that they have worry free hunt and fun.**
